CHRISTIANS TURN TABLES ON TURKS

Seize Two Villages Near the
Montenegrin Frontier; Then
Troops Retaliate

CETTINJE, Montenegro, Aug. 17.—
Christian insurgents seized two vil-
lages yesterday in the Berane district
of Albania, near the Montenegrin
frontier, and also plundered Berane
itself, according to reports that have
reached here. Following this the
Turkish troops, using artillery, de-
stroyed a number of Christian villages
lying in the plains, while other de-
tachments of Turkish troops on the
way from other districts burned the
houses of Christian residents while
they were passing through the vil-
lages.

The Christian rebels yesterday also
razed three Turkish blockhouses on
the Montenegrin frontier.
The fighting in the vicinity of Be-
rane lasted through the day and into
night. Many injured were brought
across the Montenegrin border for sur-
gical assistance.

The Turkish authorities are said to
have threatened to exterminate the
Christian population which is in re-
volt in the district bordering on Mon-
tenegro.

NO FEAR OF SUGAR SLUMP

Market Will Hold Above Four
Cents for Some Weeks
to Come

Willett & Gray, under date of Aug.
ust 15, review the raw sugar market
in part as follows:

The market has remained firm on
basis of 4.05c. for 90 deg. test Centri-
fugals, except for one day in mid-week
when a concession of only 1/32c. was
allowed on a lot in port, to avoid stor-
age expenses.

Only a moderate business was put
through during the week and the
greater part of the sugar sold was tak-
en by the American toward the close,
for New Orleans as well as for Atlan-
tic ports.

The resistance to decline here in
the face of weakness in Europe speaks
well for the firmness of holders and
confirms our statement of a fortnight
ago that they will demand full value
of the remaining supply of privileged
sugars.

European markets for old-crop sug-
ars cannot be taken as a guide for
future values here as prompt Beet,
which declined 6d. for the week, is
now quoted 11s. 1/4d., the parity of
4.35c. for Centrifugals, being the value
of paper contracts and much above
the cost of actual sugar in Europe.
The market for new crop, October-De-
cember Beet, however, represents the
value of sugar itself and remains
steady at 9s. 11 1/4d. f. o. b. Hamburg
the parity of 4.09c. for Centrifugals.

Beet for October shipment was re-
cently offered at 10s. 3d. c. & f. to New
York, equal to 4.07c. for 96 deg. test
Centrifugals.

Stocks in hand here and in Cuba,
with the afloats and expected receipts
from our island possessions, should be
amly sufficient to provide for the
melting requirements during the next
three months at least, so that we can
afford to ignore European prices for
current deliveries and only consider
the world's markets for distant sugars
as a basis for our calculations.

The visible supply in principal coun-
tries has, for many months, been less
than for the same time the previous
year, but now, for the first time, it
shows an increase of \$5,174 tons; this
along with favorable reports of the
new European beet crop, leads some
parties to look for a decline in beet
to 9s. f. o. b. Hamburg, for November-
December delivery, which might be
possible if other crops do well, but it
must be remembered that the cost of
producing beet is 9s. 6d., and that it
will be accumulated.

The course of our market at this
time of the year frequently depends
not only on the European market but
on the offerings of Java sugars.

Our cable advices report the yield
of the Java crop being harvested as
being varied, and estimate of outturn
unchanged at 1,300,000 tons against
last crop of 1,295,000 tons; July ex-
ports of Java are more largely destine
to Eastern countries, with the mod-
erate quantity of options, part of
which are "Whites," suited only for
the U. K.

Most of the July Javas are unsold
and two of these cargoes are now of-
fering at 11s. 3d. c. & f. to New York,
with bids of 11s. (4.13c.) solicited.
Two cargoes of Java for July ship-
ment are reported sold to U. K. at
11s. 1 1/2d. c. & f., equal to 4.16c. New
York.

It will be seen indications are for
our market to remain fairly steady at
4c. to 4.13c. for some weeks, unless
Europe breaks badly.

Cuba again reports rain is wanted.
Louisiana is looking for a crop of
only 215,000 tons, a reduction of 101,
000 tons due to the floods early in the
season.

WORST STOMACH TROUBLE ENDED

"Pape's Diapepsin" Gives In-
stant Relief and the Re-
lief Lasts

Every year regularly more than a
million stomach sufferers in the United
States, England and Canada take
Pape's Diapepsin, and realize not only
immediate, but lasting relief.

This harmless preparation will di-
gest anything you eat and overcome
a sour, gassy or out-of-order stomach
five minutes afterwards.

If your meals don't fit comfortably
or what you eat lies like a lump of
lead in your stomach, or if you have
heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent
case of Pape's Diapepsin and take a
dose just as soon as you can. There
will be no sour risings, no belching of
undigested food mixed with acid, no
stomach gas or heartburn, fullness or
heavy feeling in the stomach, nausea,
debilitating headaches, dizziness or in-
testinal griping. This will all go, and,
besides, there will be no sour food
left over in the stomach to poison your
breath with nauseous odors.

Pape's Diapepsin is a certain cure
for out-of-order stomachs, because it
takes hold of your food and digests it
just the same as if your stomach
wasn't there.

Relief in five minutes from all stom-
ach misery is waiting for you at any
drug store.

These large 50-cent cases contain
more than sufficient to thoroughly
cure almost any case of dyspepsia, in-
digestion or any other stomach disor-
der.

"I think, sir, that you are sitting on

"Is yours a soft or a hard hat?"
"It is a soft hat, sir."
